For Immediate Release

ORION ENGINEERED CARBONS SPECIALTY CARBON BLACK PRICE INCREASE

LUXEMBOURG, July 13th, 2018 - Orion Engineered Carbons announced today that it will implement price increases on all Specialty Carbon Blacks worldwide beginning September 1st, 2018.

These actions are due to the continuously rising costs for raw materials and freight. Increases will vary depending on the product grade, sales region and end market.

These price increases are needed to maintain the service levels and technical support customers expect with Orion's high quality Specialty Carbon Blacks.

Orion will review its costs and markets on an ongoing basis and will keep customers informed of any changes that may occur. In case of questions, contact your local Orion sales representative.

About Orion Engineered Carbons S.A. (NYSE: OEC)

Orion is a worldwide supplier of Carbon Black. Orion produces a broad range of Carbon Blacks that include high-performance Specialty Gas Blacks, Furnace Blacks, Lamp Blacks, Thermal Blacks and other Carbon Blacks that tint, colorize and enhance the

performance of polymers, plastics, paints and coatings, inks and toners, textile fibers, adhesives and sealants, tires, and mechanical rubber goods such as automotive belts and hoses. Orion runs 13 global production sites and four Applied Technology Centers. The group has approximately 1,426 employees worldwide. For more information visit the website www.orioncarbons.com.
